Mercury September 2018

From the Desk of the Manager:

Our community will be holding a Board of Directors election for two openings on October 23rd. It is our duty as Members to make sure we have a full Board of Directors to represent us. If you think you can make an impact on our community and help guide us for the next 3 years, please contact the office for information to run in the upcoming election.

I have noticed once again that some Members are not cleaning up after their pets. Not cleaning up after your pet has defecated on our property is disgusting and disrespectful to our community and its Members. Please do the right thing, CLEAN IT UP!

This year we have had an unseasonably wet spring and summer. To help beautify our community, if your lawn borders a common sidewalk, please edge the grass off the sidewalk. This will not only make the walkway look nice, it will help clear the pathway for those members using walkers and wheel chairs.

Door to door solicitation by private enterprise, is prohibited in FHHOA. If someone knocks on your door trying to talk to you about Verizon, Comcast, electric distribution, or says they are from PECO, they are breaking the rules in FHHOA. Please call the office as soon as you shut the door and we will have them removed from the community. If they show up on the weekend, call the police and report that they are trespassing.

If you are having out of town guests staying with you for a while, please have them park in your numbered space so they do not tie up a free space for an extended period of time.

We will be starting our yearly heater inspections soon. All heaters will have the filters replaced. Not all heaters may need to be cleaned at the time of inspection. If needed, they will clean them if not, they will be cleaned the following year.

Leaf Vacuum Schedule - 10/15/18, 11/05/18, 11/26/18. Please do not rake leaves into street and do not blow or rake sticks, branches, rocks or stones into the piles so the vacuum machine does not get damaged.

There are several spots available in the RV Lot. Please contact the Office if interested.

In observance of Labor Day, the Office and Maintenance Dept. will be closed Monday, September 3rd. Emergency issues should be called into the answering service at 215/853-9333.
