Mercury January 2019

From the Desk of the Manager:

I hope you all had a wonderful Holiday Season!

Winter has finally arrived. There are some winter housekeeping items I would like to mention. Don't forget to turn off the valve to your outside faucets, then open the faucet to drain the line. If you are unsure about this procedure, please, call the office and we will write up a work order to have it done. If you have gable vents, please close them to prevent cold air from entering your unit. I know it has been unseasonably warm but, it won't last. Stock up of calcium chloride for your walks when snow finally arrives.

Please, when picking up your recycle bins from the trash pads, check to make sure that it goes to your unit. We have received a few calls about misplaced bins.

The Christmas decorations has brought a lot of joy to our community. Love the displays!!! By the time you read this, it will be too late. Maybe someone could form a contest committee and give out awards at the January Members meeting each year.

Those of you who have labored through hanging up those beautiful Christmas decorations, I need to remind you that February 1st is the deadline to have them taken down. (I know I sound like a Scrooge, just doing my job).
